Vivasoft Limited
Dhaka, Bangladesh

Dear Hiring Manager/HR,

I am writing to express my strong interest in the Java Developer position at Vivasoft, as advertised. With my 02 years of experience as a Java developer in BRAC IT Services Limited, coupled with my expertise in Spring Boot and TypeScript/Angular, I am confident in my ability to contribute to your esteemed organization's success.

During my career, I have had the privilege of working on diverse and challenging projects. Notably, I was a key member of the team responsible for developing a Human Resource and Payroll Solution. This experience enabled me to gain a deep understanding of business processes and the importance of delivering user-friendly, efficient solutions.

Additionally, I had the opportunity to work on the BRAC Smart Microfinance solution, where I honed my skills in Java and Spring Boot to create secure and scalable financial software. My work on this project helped streamline microfinance operations, improving efficiency and accessibility for users.

My proficiency in TypeScript and Angular complements my Java expertise, allowing me to develop full-stack solutions and deliver a seamless user experience. I understand the importance of clean, maintainable code and am well-versed in best practices for software development.

What excites me about Vivasoft is your reputation for innovation and commitment to delivering cutting-edge solutions. I am eager to contribute my skills and experience to your dynamic team and be a part of projects that push the boundaries of technology.

I am highly motivated, detail-oriented, and always eager to learn and adapt to new challenges. I believe that my technical skills, combined with my dedication to quality and teamwork, make me a strong fit for your company.

Thank you for considering my application. I look forward to the opportunity to discuss how my qualifications align with your team's needs. Please find my resume attached for your reference.

Sincerely,
Md. Shakibul Alam
Software Engineer
